Subject Tribes would like a moment to express appreciation

Mr. McClerran,

I understand that several staff, officers or presidents of the six tribal councils that signed the original 404(c) request will be present for your speech tomorrow, and that at least two council presidents flew in today. If you have a moment after your speech, so that they could express appreciation – and there may be a question or two – I am sure they would appreciate that moment.

Given the lateness of the hour on today (Tuesday), I assume that either I, Kim Williams of the Curyung board, or some other tribal staff or officer may draw you aside tomorrow morning, before or after your speck, for your response. I have also left essentially this message on Tami Fordham's voice mail.

Jeff Parker, cell: [REDACTED]
Co-counsel to tribal councils of Nondalton, Koliganek, New Stuyahok, Ekwok, Curyung (Dillingham), and Levelock
